The house "Karinou" is converted from a typical pyrenean sheepbarn at 1050m altitude, located at one mile from the village of Gaillagos, among the meadows, on the sunny side of a large valley, facing an amazing mountain landscape...

From your windows or your terrace you will enjoy the splendid panorama of the Pyrenean chain From Pic du Midi de Bigorre to Pic du Midi d'Arrens, your only neighbours will be the owners, the roe deers, the hares, trouts in the torrent and the vultures in the sky...
